## ROBERT EDGREN

THE FAN—HE HAS TO BE A RUBBER NECK JUST NOW.

THE enemies of the Amateur Boxing bill are making an organized attack upon it, with the intention of preventing the signing of the bill by the Governor.

Do you know why? For this reason, and no other: There are a dozen "clubs" where professional fighters meet. Most of the fights are three-round affairs, and in each fortnightly "show" of about ten battles there are from three to six knockouts.

These "clubs," usually owned by one or two men, are run for profit, of course.

If the Amateur bill became a law, the Amateur Athletic Union, which is the most exacting sporting organization in the world, would stop the holding of prize fights by these professional "clubs." It would demand the enforcement of the law.

Amateur boxing bouts, under the A. A. U., could only be held in bona fide amateur athletic clubs, like the N. Y. A. C., the Pastime and other well-known organizations.

There will be boxing in this city. The only question before the Governor now is whether the same is to be exercised under the restraint of the A. A. U. or is to be conducted professionally and by law-evading tactics.

As for the cry that professional scrappers would "ring in as amateurs," that would be an impossibility.

No amateur athlete can compete in any game under A. A. U. control unless registered. And no athlete is registered until his record has been thoroughly investigated.

PERHAPS Hack wanted Farmer Burns, but Jenkins "saw him first," and that settled it. There are plenty of people who would like to show the Russian "leg-holds," though. He needn't wait until May 4 to have his lower limb pulled.

CLARKSON has absolutely established the fact that colleges are good for something. Even the small boy at the knot-hole respects Harvard now.

OWEN MORAN, the recently-imported English bantam, is matched with Monte Attell. If he has to clean out the Attell tribe before getting a match with Frankie Neil, this Moran boy will have his hands full. Monte is just the kind of a fighter that Abe was before he became too clever to hit hard.

HIL McGOVERN seems to have made a rather poor start in Philadelphia Saturday night. He fought in Terry's style, as nearly as he could, but failed to get away with Tommy Langdon. In fact, the battle came near going the other way.

But there's hope for young McGovern still. His big brother didn't do anything marvelous in his first few fights. A bad start sometimes means a good finish.

SHEEPSHEAD HORSES  
ARE SHOWN TO SPEED

(Special to The Evening World.) SHEEPSHEAD BAY RACE TRACK, April 24.—It was an ideal morning for training operations yesterday. Many visitors were present and the courses were well filled with galloping horses. The track was fast, and many of the moves were on the speedy side.

The fly division of the Keene string, in charge of Trainer Walter Gleason, were all out, and shown to good open gallop; being sent along in pairs for three furlongs, reeling the distance off in 42 or 43 seconds.

The Waldeck Stable's racers, The Picket, Santon and Jason, were out early and shown to easy exercises. Trainer Carrol Reed paired off The Picket and Jason, and sent them to a gallop of one mile in 1:58, on the bit all of the way.

Wally Pease's Lady Valentine carried off the honors of the morning by breaking off five furlongs as follows: 1:34, 2:44, 3:54, 4:54, 5:54, and galloped out the full distance in 1:03, eased up. The filly had about 110 pounds in the saddle, and was well in hand the entire route.

The following were among the best workouts of the morning:

The Huguenot, 110 pounds up, half mile in 1:24, 2:34, 3:44, 4:54, 5:54, 6:54, 7:54, 8:54, 9:54, 10:54, 11:54, 12:54, 13:54, 14:54, 15:54, 16:54, 17:54, 18:54, 19:54, 20:54, 21:54, 22:54, 23:54, 24:54,
